

San Juan County Utah Daily Information Report

Coronavirus (COVID-19)
April 22, 2020

Stay Safe. Stay Home. Save Lives.

Medical providers are being encouraged to test more people as often as possible. If anyone is displaying any symptoms e.g. Fever, Cough, Shortness of Breath, Muscle Aches and Pains, Decreased Sense of Smell or Taste, Sore Throat, - Get tested! To find a testing site near you please visit <https://coronavirus.utah.gov/utah-covid-19-testing-locations/>

--04-22-2020 Letter from Public Health--

Dear San Juan County residents and visitors,

We have been getting some questions about the new local order and whether people can recreate in our county. We have also had some questions about whether out-of-state travelers need to isolate.

Outdoor recreation in San Juan County is not prohibited to visitors. However, we are still encouraging visitors to please stay home. Avoid all unnecessary and leisure travel. If you choose to visit and recreate in San Juan County, we request that you continue to maintain the following guidelines as outlined:

- Group gatherings are limited to a maximum of ten (10) people or a single household, and that each group is located at least 100 feet away from any other group.
 - Out-of-state visitors to San Juan County are asked to self-isolate for 14 days.
 - San Juan County residents returning from out-of-state travel (not including day trips), are asked to self-isolate for 14 days.
- All residents and visitors are asked to follow Governor Herbert’s directives regarding social and physical distancing and hygiene.

All user groups are allowed on appropriately designated areas and trails within San Juan County. This includes, but is not limited to: ATV, OHV, mountain bikes, dirt bikes, equestrian, hiking, and etc.

Dispersed camping is allowed on BLM and USFS lands within San Juan County. User groups are asked to adhere to the aforementioned guidelines.

State Parks in San Juan County are open to all visitors. Additional information is available at:

<https://stateparks.utah.gov/2020/03/16/covid-19-updates/>

For current information on Federal Parks and recreation areas, please visit:

<https://www.utahscanyoncountry.com/covid19-travel>

San Juan County asks that all parties recreate responsibly and safely to alleviate overloading our limited medical services and personnel.

Please note, the Navajo Nation has restrictions within their boundaries in San Juan County which are different from San Juan County’s Public Health Orders. To access the Navajo Nation’s Public Health Orders, please visit:

<https://www.navajo-nsn.gov/>

--END--

Until further notice the County Administration Building and Public Safety Building will be locked to the public and by appointment only for all offices. County personnel will still be available to assist the public but you must call and make an appointment first. Please use the following numbers to contact the department you are looking for

Assessor’s office, Building Department or DMV – 435-587-3221

Administration, Aging, Commission, Emergency Management, EMS, Fire, Public Lands, and Personnel – 435-587-3225

Clerk’s Office and Information Technology – 435-587-3223

USU Extension – 435-587-3239

Recorder's Office – 435-587-3228
Surveyor – 435-587-3234
Economic Development / Visitors Services – 435-587-3235
Treasurer – 435-587-3237
Sheriff's Office – 435-587-2237
SJC Attorney – 435-587-2128
Justice Court – 435-587-2544
7th District Court 435-587-2122

Be aware of people trying to take advantage of the crisis we are in. There have been reports in other counties of people impersonating local public health departments calling random people and telling them they have been exposed to the virus.

Also at this time the rumor about students needing to repeat the entire school year is just that a rumor.

Public Health: For updated case counts please visit: <https://coronavirus.utah.gov/case-counts/> Known infected communities are: Blanding, Bluff, Montezuma Creek/Aneth area, Monument Valley/Oljato area, and the Navajo Mountain area. As the number of affected communities in the county change, we will issue updates to address those changes, but we will not be issuing updates on individual cases.

San Juan Public Health Loosens COVID-19 Health Order. San Juan County, UT – The San Juan Public Health Board of Health met today to discuss the continuance of the Public Health Order of March 27, 2020 that, among other things, placed restrictions on recreation in San Juan County. At that meeting, following the recommendation of the Public Health Director, Kirk Bengé, the Health Board approved the extension of the Public Health Order with significant changes.

The changes include a loosening of restrictions on visitation for essential travelers. The new order loosens restrictions on travel to the county for those who are full time RVers as well as those who can do so without violating a state or local travel restriction in their home jurisdiction. Other changes include the loosening of restrictions for many face to face visits with family and friends. Notably, the new ordinance does not incorporate all of the points issued in Governor Herbert's 'Stay Home Stay Safe' directive, notably it does not limit children from playing on playground equipment and it does not require that masks be worn in public places. All changes are still subject to the State Department of Health Order placing restrictions on social distancing and maximum group size requirements.

Bengé stressed that all of his decisions have been driven by the data that changes almost daily and that he has been very mindful of the economic situation for those living in San Juan County. "Public health has the primary goal to prevent unnecessary deaths, not to keep every individual from getting sick," Bengé stated. He also stressed that the previous order had been placed in an effort to allow the Health Department to assess the situation and gather additional data. Now, having had several weeks to gather additional data, it was agreed that from now until May 1, the order could be relaxed in order to assess the local situation better and then act accordingly moving forward.

Bengé also stated that he had requested that the State Department of Health give additional local control over dining establishments to allow a case by case allowance of some dine-in services. However, that permission had not been granted as of the meeting today. The updated orders are reflective of the State Department of Health orders, as required by state law, and largely reflect the declaration of Governor Herbert. However, based on the local circumstances and data, not all of the specific directives from the Governor were included in the Health Order today. "It is important that San Juan County Public Health Orders are based on the facts, data, and modeling for San Juan County, not the Wasatch Front or the East Coast," Bengé stated.

During the meeting, the board also discussed the need for counties to have the flexibility to be more or less strict than the State, depending on the local circumstances. Some board members expressed concern that the legislature began a special session to consider modification of existing authority in the midst of a pandemic. However, today's modifications are based on sound public health principles and not in response to the political process.

San Juan Public Health stressed the importance of following your local health orders as well as continuation of good hygiene, appropriate social distancing, and staying home unless it is for essential travel as stated in the current order.

--PRESS RELEASE--

17 April, 2020

San Juan Public Health announces the first COVID-19 related deaths in San Juan County, Utah

San Juan County Public Health officials have confirmed two (2) deaths, of a mother and son, which occurred in March on the Navajo Nation. Both deaths have previously been reported by the media. Due to the lack of traditional physical addresses in the area, both deaths had previously been reported to the Arizona Department of Health and had been included in numbers reported by the state of Arizona.

We continue to expect and prepare for additional cases of COVID-19 in our community. SJPH and UNHS will continue to provide regular updates. Official Utah data is posted daily at approximately 1:00 pm at:

<https://coronavirus.utah.gov/case-counts/>

--END--

Due to the COVID-19 outbreak, San Juan Public Health is not allowing anyone into the office until further notice. If you have any questions or concerns pertaining to Vital Records or WIC please call us at 435-359-0038. We will try our best to help you while social distancing. Thank you for understanding!

Clinics:

UNHS: Currently UNHS is conducting its 'Parking Lot Triage' system. Our intent is to screen patients outside of the facility who are experiencing; coughing, shortness of breath, or have a fever. UNHS recommends the following guidelines when visiting our clinics. These follow CDC and Department of Health guidance.

If you suspect you have the coronavirus (cough, high fever, trouble breathing AND a potential history of exposure), please call and notify us in advance so we can take precautions and possibly triage, check you in, and treat you without you entering the facility. In the next few days, we will begin virtual iPad check-in and virtual conversations with doctors for suspected cases. You'll then be able to use the Pharmacy drive-thru. The intent is to have the entire visit done from your car or outside the clinic.

If you are sick, please do not accompany a healthy patient for your visit, and do not enter the facility except to seek care for yourself or someone you are responsible for. Please avoid our facilities if you are healthy, including the Market Cafe in Montezuma Creek. There will be no visitors allowed to patients who have confirmed or possibly have COVID-19. Wear a mask if you have a cough. Do not wear a mask if you feel healthy. Please wash your hands or use alcohol sanitizer before and after leaving a patient room, exam room, and the facility. UNHS (and all facilities) have a very limited number of tests. Your provider will determine whether or not a test is appropriate based on symptoms and travel history.

These guidelines are being put in place for the safety of you, our patients, caregivers, and community. Elderly are especially vulnerable. Teach them the latest information on social distancing and prevention. Here is a public service announcement explaining Covid-19, it's symptoms, and prevention in Navajo, have your grandparents listen to it.

Hospitals:

San Juan Health: San Juan Health is encouraging our patients to consider telehealth clinical visits using HIPAA compliant Microsoft Teams application when appropriate; please call to discuss this option and support the CDC's guidelines on social distancing. SJH has implemented a restricted visitor policy, as of Monday, March 16th. Dietary services to the general public have been halted until further notice. SJH has implemented an Emergency Department triage protocol to establish safe workflows and to mitigate the spread of any potential COVID-19 cases. San Juan Health's (SJH) Infection Control and Medical Staff will continue to closely monitor the ongoing Coronavirus Disease 2019 (COVID-19) outbreak and implement new protocols in a timely manner.

Blue Mountain Hospital: BMH personnel are prepared for the possibility of receiving COVID-19 patients. They have implemented a restricted visitor policy and have stopped serving food to the public until further notice. A screening process has been implemented for the Emergency Room to keep patients and staff safe. BMH is working in conjunction

with UNHS to screen and treat patients. They are monitoring and adhering to CDC guidelines. Staff and patient safety continue to be the top priority. They have implemented a screening process for staff, patients, and visitors who enter the building. This is to keep those who are potentially ill with COVID-19 from entering the building and spreading the illness to others. Those entering the parking lot on the north end of the building will be asked several screening questions and have their temperature taken. From there, they either enter the building through the north entrance, enter through the ER for emergencies, or they may be asked to go across the street to the UNHS screening area to continue the screening process if necessary. BMH will continue to disseminate information as it becomes available.

EMS: During this time you will see EMS respond with an increase of respiratory protecting masks or other protective gear to ensure your safety as well as the safety of the EMT's. Please do not be alarmed by this. The EMS department will continue to follow all recommendations of the Utah Department of Health, San Juan County Health Department and the CDC to ensure the safety of the people who rely on our EMS Services. To help follow the guidelines of social distancing we will be cancelling all CPR classes and will not be scheduling classes until we feel it is safe to do so. Please note that if San Juan EMS gets overwhelmed with multiple calls our response times may be slower than normal.

Law Enforcement: The San Juan County Sheriff's Office is concerned and working on two fronts in dealing with Covid-19. The first front is the effort to keep jail staff and inmates healthy. This includes our very important dispatchers. The San Juan County Jail has suspended all visitations to the jail; all volunteers have also had their visits to the jail terminated. The jail has a plan to have an area available for quarantine if needed. The county jail has a backup plan to feed the inmates if we lose jail cooks to quarantine. We have tele-health capabilities set up and working so that inmates can see a medical doctor without leaving the facility for initial doctor visits. The corrections officers have access to protective equipment.

The second front is the law enforcement and public safety efforts. The patrol deputies are responding to law enforcement incidents. They have safety equipment if needed. We have currently cancelled trainings, except for the cadets we have in POST academy classes and we have encouraged deputies to follow all safety guidelines.

We are not doing fingerprinting for the public at this time at the sheriff's office.

The lobby of the Public Safety Building is locked and closed to the public. If you need assistance from the Sheriff's Office, Justice Court, 7th District Court or San Juan County Attorney please use the numbers listed at the beginning of this document to schedule an appointment.

County: The San Juan County Administration building is closed to the public. You can schedule an appointment with the office you need by calling the numbers listed at the beginning of this document.

-If you need to do Vehicle Registration we highly recommend utilizing online capabilities secure.utah.gov or by mail.

-San Juan County Libraries remain closed at this time.

Economic Development & Businesses

Regular Updates: <https://www.utahscanyoncountry.com/covid-19>

Join a rural business webinar with federal, state, and regional resources:

Thursday, April 23 from 10:00-11:00 a.m.

<https://zoom.us/j/97148563495?pwd=bTVQbURTeUhvdy9scExHZ1hZZkxkQT09> Webinar ID: 971 4856 3495

Password: 434992

Telephone Dial-in: (669) 900-6833

The agenda includes:

- Introduction: Miles Hansen, President & CEO WTC Utah
- Senator Lee's Office: Justin Anthony
- Senator Romney's Office: Scott Albrecht
- SBA: Marla Trollan, SBA Utah District Director
- USDA: Randy Parker, State Director

- GOED: Ryan Starks, Director
- Other Resources: Miles Hanson
- Q&As

Visitor Services

Regular Updates: <https://www.utahscanyoncountry.com/covid19-travel>

1-800-574-4386

- Goosenecks & Edge of the Cedars State Park have re-opened to all public. Dead Horse State Park is currently only open to residents (San Juan & Grand County) <https://stateparks.utah.gov/>
- BLM dispersed camping is open to non-residents. Please note that there are continued closures with established/group campgrounds, vault toilets, and special use permits including Cedar Mesa and San Juan River until April 30th
- New Glen Canyon NRA closures and updates (as of 4/6) for details please visit: <https://www.nps.gov/glca/planyourvisit/conditions.htm>
- Canyonlands National Park, Hovenweep National Monument, and Natural Bridges National Monument remain closed. For details please visit: <https://www.nps.gov/index.htm>

Cities:

Blanding: The Blanding City Office lobby is now open with plexiglass partitions to help limit spread and transmission. We are still encouraging anyone who can to interact with the City online, by email, or by phone. We will be working with SJ Health on the possibility of opening the Wellness Center in a few weeks with distancing measures and group size limitations.

Bluff: Bluff's closure of non-essential business continues. Both the laundromat and K&C remain open for business.

Monticello: The Monticello City Office staff continues to be available to assist citizens. Residents are encouraged to use the drop box for payments or to enroll in auto bill pay through Xpress Bill Pay or with your financial institution. Office doors remain locked and phone numbers are posted on the door to allow residents to talk to city staff and conduct necessary business. City utilities are fully operational, and we anticipate service delivery continuing uninterrupted. The Welcome Center and Hideout Community Center are closed until further notice. The Hideout Golf Course will also remain closed until the San Juan Health Department rescinds its order to keep non-essential services closed. The City continues to follow all guidelines as issued by the CDC and State and County Departments of Health and to monitor our practices to assure we protect the public to the extent possible. The City expresses its sincere appreciation to all health care workers and other officials who are working diligently to assure our health and safety.

School District: San Juan School District has been, and will continue to comply with the Governor's Office, Utah State Board of Education (USBE) Center for Disease Control (CDC) and the Utah Department of Health, as we navigate evolving COVID-19 safety precautions.

As always, our priority is the safety of our students and staff. District & School Administration are working continuously to see that the needs of the students are met. Distance learning will continue through the extended dismissal. Food Services will still be providing grab and go meals via pickup locations or delivery (Bus Routes). We will continue to closely monitor all developments and take appropriate action.

San Juan County Aging Department: To go meals are still in place for the congregate meal and home delivered meals are still being delivered at this time. Clark's Market and Blue Mountain Foods have extended a special shopping hour every day for the seniors it is 7-8 am, San Juan Pharmacy and The Main Street Drug and Boutique are offering curbside pickup and free delivery in town for seniors. If you are a home bound senior and you are in need of groceries please contact your local senior center for assistance. La Sal 435-686-9990, Monticello 435-2459-2656, Blanding 435-459-3179, Bluff 435-672-2390

USU Blanding: USU Blanding has moved all classes online. The Blanding campus and Monticello center are open. However, on campus activity and visits have been limited to current students and employees only. Out of an abundance of caution the Montezuma Creek and Monument Valley centers have been temporarily closed. Those will reopen after the Navajo Nation shelter in place order has been lifted and the USU health and safety department deem them safe to reopen. At this time the university is planning a return to face-to-face classes for the Fall 2020 semester. Applications are being accepted and individuals wishing to pursue their education are encouraged to apply. For more information please visit blanding.usu.edu.
