As with any NOHVCC event that includes operating or riding as a passenger on or in an OHV, all participants must follow NOHVCC's safety ethic. This means anyone who operates a dirt bike, ATV or ROV, or who rides as a passenger in an ROV, MUST wear all appropriate safety gear. For all vehicles this includes a DOT-compliant helmet, eye protection, long sleeve shirt or jersey, long pants, over-the-ankle boots, and gloves. All gear must be worn at all times while operating any of these vehicles – including while loading and unloading.

- 4:30 PM – Conference and Exhibitor Check-In –OPEN–
- 5:00 PM – Buses Depart
- 6:00 PM – Conference Check-In –CLOSED–

NOHVCC Staff

Laura Feist (MT) – Executive Assistant

Group Discussion Rules

1. Be respectful of other participants.

- Limit speaking to 2–3 minutes, we want everyone to feel comfortable speaking.
- Don't talk over or interrupt other participants, raise your hand and wait for the facilitator to call on you.

2. We will not tolerate disparaging remarks about any individual, group, organization, or idea. It is OK to disagree, but you must communicate your disagreement in a respectful manner.

3. Keep on task, it is easy to get sideline when discussing your passion for OHV recreation, but please try your best to help the facilitator keep the group focused on the assigned topic.

4. Focus on solutions, not just problems. Be willing to present ideas for resources that NOHVCC/INOHVAA can develop to help you provide better OHV opportunities in your state.

5. Be engaged! Wallflowers don't help the discussion develop and grow towards development of resources and ideas to address these issues.
