

Maximum Wind Gusts Tonight through Fri

What To Expect

Snow and mixed precip today

- ✓ A Winter Weather Advisory remains in effect for all locations today but impacts should be minimal other than slippery travel
- ✓ Very windy on Friday behind the storm. Windy this evening across southern NH also.

Stronger storm impacts the Northeast late Saturday through Sunday.

- ✓ Precipitation likely starts as snow with accumulating snow late Saturday and Saturday night
- ✓ Increasing potential for significant snowfall and mixed precipitation through Sunday
- ✓ Strong, gusty winds and falling temperatures likely to follow the storm on Monday
