

## Maximum Heat Index Today

## What To Expect

Dangerous heat and humidity continues and peaks today.

- ✓ An [Extreme Heat Warning](#) has been issued for most of the southern half of New Hampshire and into western Maine.
- ✓ [Heat Advisories](#) have also been issued for parts of central New Hampshire and the White Mountains, and the Midcoast.

A weak cold front could bring a couple of strong thunderstorms this afternoon and evening.

One more hot day possible Wednesday for southern areas before cooler weather arrives for the second half of the week.
