

ARCHES NATIONAL PARK

Soft sand in wash crossings. Impassable after heavy rains.

Because of soft sand on steep grades, vehicular travel is recommended only from north to south through this area. Stay on designated roads.

CAUTION: Stay on trails or slickrock to protect fragile biological soil crust. These tiny organisms are critical to all life in the desert.

Parking is permitted only in designated spaces. If a particular parking lot is full, please return at a later time. Strictly enforced.

ATV and OHV use prohibited in park
